

HENRY SCHULTZ

ECONOMICS STUDENT

1272 reed road, Churchville, New York | henryschultz004@gmail.com | <https://www.linkedin.com/in/henryschultz654b07329/> | (585)-500-8387

SUMMARY

Motivated and analytical Economics major and Data analytics minor with a strong foundation in microeconomic and macroeconomic theory, data analysis, and policy evaluation. Currently learning and becoming proficient at tools such as Excel, R, and Python to apply quantitative methods for interpreting data and developing evidence-based insights. Demonstrates strong problem-solving, research, and communication abilities through coursework and independent projects.

SKILLS

Microsoft Office
R
Python

Econometrics
Economic Research
Attention to detail

Critical Thinking
Team Collaboration
Time Management

PROFESSIONAL & RELEVANT EXPERIENCE

Investment Analysis, SUNY Geneseo SMIF Club

Sept 2025 - Dec 2025

- Researched and evaluated potential investments that the club would be interested in by analyzing financial statements.
- Learned important investment analysis skills and strategies
- Prepared and delivered a stock pitch to the club and some faculty that provided clear guidance to determine if the stock is a buy or sell.

Econometrics Research Project

Sept 2025 - Dec 2025

- Constructed and analyzed a cross-sectional dataset to examine economic and demographic drivers of air pollution (PM2.5) using multiple regression techniques.
- Used R to conduct statistical testing (t-tests, F-tests, Variance Inflation Factors, Breusch-Pagan, and Ramsey RESET) to evaluate model significance, multicollinearity, and specification.
- Interpreted regression results to find that higher GDP per capita is most closely correlated with lower pollution exposure, highlighting policy and development implications.

Grounds Crew Attendant, Deerfield Country Club, Rochester NY

June 2023 - Aug 2025

- Responsible for the upkeep and course maintenance of one of the highest rated public golf courses in Rochester.
- Expanded my knowledge in the world of golf course maintenance while learning work ethic, team collaboration, time management and customer relations.

EDUCATION

State University of Geneseo | Geneseo, New York

Aug 2023 - May 2027

- Bachelor of Arts in Economics, Minor in Data Analytics
- 3.68 Cumulative GPA
